

# Micro Certificate and Online Courses GET RECOGNIZED, MASTER STEM TEACHING SKILLS

NISE Micro Certificate and online courses are a new type of professional development opportunity designed to meet the needs of 21st-century teachers. Just three-hours long and \$39 per course, each 5E-based online module can be completed from the comfort of your home at any time. Choose from a variety of STEM best practice courses that match your needs in the classroom. Take two courses to earn verified micro certificates while cultivating your STEM teaching craft, growing as a STEM leader, and working toward earning the National Certificate for STEM Teaching.
